

BER30-9 | BER40-9

Electric Rider Pallet Jacks

These electric rider pallet jacks will soon become your go-to for all your pallet-shuttling needs. Overbuilt to last with more features than competitive models, these little trucks have it all, and they won't break the bank!

- Medium capacity – 6,000- to 8,000-pound capacity
- Choice of fork lengths – 36-96 inches
- 24-volt AC power
- Electromagnetic parking brake
- Sealed motor compartment – AC drive motor and controllers provide easy-access service points and extend service intervals

Overview

Transporting pallets, staging and order picking, riding across uneven surfaces, pounding into pallets, repeatedly starting and stopping – it's all in a day's work.

Every inch of Bobcat® end riders has been strengthened for maximum durability. From enhancing frame stability to reinforcing our forks with 20% more steel and engineering the undercarriage to protect the most critical components, Bobcat end riders are constructed to take on your operation's toughest challenges.
